

Journey of an Entrepreneur Series-Mr Amit Chaudhary, Lenskart

E-Cell of NCU organized a lecture session by Mr Amit Chaudhary, Co-founder and COO, Lenskart, on 16th March, 2016. Mr Amit narrated his entire journey from a young student, from Birla Institute of Technology to an entrepreneur. This session was attended by around 100 self-driven students. He encouraged the students to give it a kick-start, if they are passionate, at a younger age. He was very happy handling a flurry of questions and the students were awestruck by his down-to-earth demeanour and willingness to respond candidly to the never ending questions of curious students. The session did not end here. He stayed back for a mentoring session, on students' request (those students who are ready with their ideas and looking for investors). The response of the students was indeed overwhelming. Vaibhav Kaushik (ME, 6th Sem) was happy to receive his certificate from Mr Amit, for being the winner of the essay competition ("Youth and Entrepreneurship: Opportunity or Risk") held on 2nd March, 2016. It was the E-Cell coordinators – Vimal Dahiya (MBA, 2nd sem), Harshit Goel (CSEIT, 4th sem), Priya Bhargava (MBA, 2nd sem), Prateek (CSE, 2nd Sem) and Pankaj (CSE, 2nd Sem) who worked relentlessly to make the event a success.
