

EXPLORE INDIA

NCU IMMERSION PROGRAMME

NCU Immersion Programme

The objective of this program is to furnish students within our partner universities with an extensive comprehension of Indian technological advancements in Artificial Intelligence. Additionally, it aims to enhance the educational journey of students inclined towards entrepreneurship. This initiative offers distinctive perspectives on Indian lifestyle, enabling students to directly experience the country's distinct attributes including its abundant heritage, diverse traditions, cultural richness, spiritual depth, and technological progress. By immersing participants, the program fosters personal development, cross-cultural adaptability, and the cultivation of a worldwide outlook, rendering it an enriching and pivotal experience for all involved students.

Overview

Duration - 1 Week

Programme Fee: Depends on the itineraries finalised by both the parties

Eligibility: Graduate and Undergraduate students

Programme Fee Includes (Tentative):
