Dy. Dean Ph.D. Programme:

Dean Academics:

Vice Chancellor:

As per Ph.D. rules and regulations clause no. 13, following are the conditions to continue Ph.D. Programme based on Pre Ph.D. course work:

- Candidates admitted under School of Engineering and Technology (SOET), School of Management (SOM) and School of Law (SOL) are required to complete a minimum of 9 credits with a minimum CGPA of 7.5. However, candidates admitted after B. Tech./M.Sc./ M.A. Degree are required to complete a minimum of 12 credits with a minimum CGPA of 7.5.
- A Department may specify a higher credit requirement for their Ph.D. Programmes and/or require an individual scholar to complete a larger number of credits based on his/her background and preparation level.
- The course work must be completed within one year of admission. However, if the CGPA at the end of second semester is above 7.00 but less than 7.50, the candidate will be asked to take more courses in order to make up the required CGPA, for which an extension of one semester for completion of course work may be granted at the request of the research scholar to the Dean (Academics). Such a request for extension must be recommended by the supervisor(s) and SRC and routed through the Chairman DRC.
- If the SGPA at the end of the first semester and CGPA at the end of any subsequent semester is below 7.00, he/she will have to discontinue the Doctoral Programme.
