0	0	0	

Online Education

1. Does all programs/courses were completed on time.	Yes
2. Measures taken to complete the syllabus of courses and programs.	<p>Online education at The NorthCap University has been offered to students in various forms for the past many years, though it has been formalized in the last 5 years after UGC guidelines for MOOCs were released where universities and institutions are advised to offer up to 20% of the curriculum through MOOCs (subsequently revised to 40%). In 2018, NCU, through its Academic Council approved the inclusion of 20% of courses in the form of online courses in all programs of the University through different portals. Prior to this, online course material and modules were given to students over Learning Management System (LMS), QEEE, and Spoken tutorials which also consisted of the links of online courses and modules covering the content of the courses and continues to support the courses currently. The number of students rose from around 500 (in 10 courses) in 2017 to 1200 (in more than 86 courses/ modules) in 2022 learning through online education.</p> <p>The online courses for our students are offered through MHRD MOOC portals like NPTEL, Swayam, e-Pathshala, etc. for standard curriculum courses. Additionally, beyond the curriculum skill-based and specialization courses are also offered through various internationally renowned portals like Coursera, edx, Udemy, and so on. Further modular online courses to supplement learning and certification are offered through collaborative programs like Spoken Tutorials (IIT-B) and QEEE(IIT-M), and other organizations like AWS Academy, Coding Ninja and NSDC (eduspark).</p> <p>The student registers and completes the course on his own by self self-study study, and takes the online MOOC exam and certificates. His score and credits are transferred to his transcript. In case the student needs help in completing the online course a faculty (course coordinator) is assigned to the course. The student completes his continuous assessment through an online portal and the grades are integrated into the subject grade awarded by the University. In case the students cannot take the final exam on the portal, exams are conducted at the University for such courses.</p> <p>Apart from this, students also register for SWAYAM/ NPTEL courses in the complementary mode (additional to regular on-campus courses) to gain further insights into the subject. The faculty encourages them and keeps a track of their completion.</p> <p>The following measures are taken to ensure that student completes the syllabus of the course: The student is required to fill out an application form stating the MOOC courses in which he/she is enrolling to ensure the students have the prerequisite knowledge and the University is informed properly about registration. A course coordinator is allotted to each MOOC course offered to students who also acts as a facilitator. The course coordinator keeps the track of submission of all assignments and quizzes of MOOC courses. Every department has a department MOOC coordinator which keeps a record of all MOOC courses taken by students. Students attend doubt-clearing sessions during facilitation sessions/ classes held by coordinators. The scores and the credits are transferred to the student's transcript based on NCU SOP. All NPTEL, SWAYAM, and other approved portals' MOOC courses are conducted as per UGC guidelines.</p>
3. The period of delay in completion of syllabus (in months).	0
4. The period of delay in conducting exams (in months).	0

Portal Name	No. of students offered online courses which have credit transferred to transcript	Total no. of online courses which have credit transferred to the transcript	Total no. of credits transferred to transcript
