## **Anti-Ragging Campaign at The NorthCap University**

The NorthCap University (NCU) is committed to ensuring a safe and welcoming environment for all students. Ragging, a menace in many educational institutions, is strictly prohibited at NCU. This report highlights the various initiatives undertaken by NCU to maintain a ragging-free campus.

As per UGC directives, the week from 11th -18th August 2023 was dedicated to taking anti-ragging measures and spreading awareness among students of NCU. The initiatives were spearheaded under the aegis of the Registrar's Office and the University's Student Activities and Leadership Cell. The activities under the campaign were coordinated centrally by Dr Anshu Malhotra and Dr Shrutimita Mehta.

Ragging poses a significant threat to students' physical and emotional well-being, and at NCU, our top priority is to create a campus environment where students can pursue their studies free from any form of intimidation, humiliation, or harm. To achieve this, the university has conducted extensive awareness campaigns through social media posts. These posts include informational graphics, videos, and testimonials from students who have had positive experiences at NCU. By leveraging the power of social media platforms, we have reached a wide audience, including current and prospective students, parents, and the general public.

Mentoring is crucial in ensuring new students feel welcome and safe on campus. NCU organizes mentoring sessions for the new batch of students where the importance of a ragging-free campus is emphasized, and students are encouraged to report any incidents or concerns they may have.

The orientation program at NCU includes a special address by the Registrar. In this address, the Registrar not only welcomed the new students but also shared the university's commitment to maintaining a ragging-free campus. The Registrar emphasized the severe consequences of engaging in ragging activities and encouraged students to contribute to a positive campus atmosphere.

Under the Student Activities and Leadership Cell, various student clubs organize activities that promote a ragging-free campus. These activities include Slogan Writing, Poster Making contests to visually convey the message against ragging, and Essay Writing competitions to encourage students to express their thoughts on the importance of a ragging-free campus.

The NorthCap University is committed to maintaining a ragging-free campus through a multifaceted approach. All our efforts contribute to creating an environment where students can thrive without the fear of ragging. As a result, NCU remains a Ragging free Campus education, and personal growth is fostered in a safe and supportive atmosphere. The detailed report of all activities conducted is as follows:

## **2. Report on Debate Competition by SOL**

Freedom means the right of people to assemble, organise, and debate openly. ~ Hillary Clinton

The Rotaract club of the NorthCap University organised a debate competition on the theme **RAGGING - A VIOLENT SOCIAL CONTRACT BETWEEN SENIORS AND JUNIORS.**

Debates are not just for educational purposes rather these experiences are conducive to life-changing, cognitive, and presentational skills. We believe providing a platform to young minds is like opening a cage of thoughts, this debate would not only help them share their thoughts but also get to learn about other perspectives. The platform helped students to express themselves by bringing forth their opinions, we had a wonderful experience listening to the participants and learning how they interpreted the theme for the debate. 10 minutes were provided to the participants to gather their thoughts in favour or against the motion which was decided on the spot via draw of lots. Viewing the enthusiasm, we increased the speaking time to 2 minutes and 30 seconds and interjecting time to 1 minute and 30 seconds. All the participants showed respect towards each other and carried out debating discipline. Everyone was best in their own way, and with a lot of discussion and deliberation, we came down to 5 finalists, who put their best foot forward and eventually the debate ended up with the best one winning.

## 7. Pledge-taking Activity for Students

**Anti-ragging Session:** A pledge-taking and awareness session on Anti-Ragging was held for B.Tech (Semester-I) CSE and BCA students to promote a safe and respectful campus environment. The session was organized with the objective of sensitizing them about the anti-ragging rule. The event spanned 1 hour, consisting of taking the pledge by students, showing anti-ragging videos, giving anti-ragging leaflets, and explaining to them about filling out the anti-ragging affidavit.

The videos covered ragging types, legal aspects, reposting channels, and interactive discussions. The mentoring session on anti-ragging for first-year B.Tech students successfully conveyed the institution's dedication to creating a secure and respectful environment for all students. By raising awareness about the legal, institutional, and policy aspects of ragging prevention, the session contributed to fostering a culture of empathy, respect, and responsibility within the campus community.

**Anti Ragging Pledge:** The event is intended to make the students aware of the anti-ragging rules and make a pledge to not get involved in any kind of ragging activity. All promised that they won't indulge in Ragging or any form of violent behaviour and will contribute in making NCU as "Ragging Free" university. The pledge has several motives:
